

Australia's favourite software publisher

POS*all*WORKS

Introducing POSallWorks - the Do-It-Yourself POS solution

At last Australian retailers have access to a complete, cost effective and simple to use POS system designed specifically for them! This intuitive software requires minimal set-up and instruction yet is packed with all the features and reports you'll need to take your business to the next level.

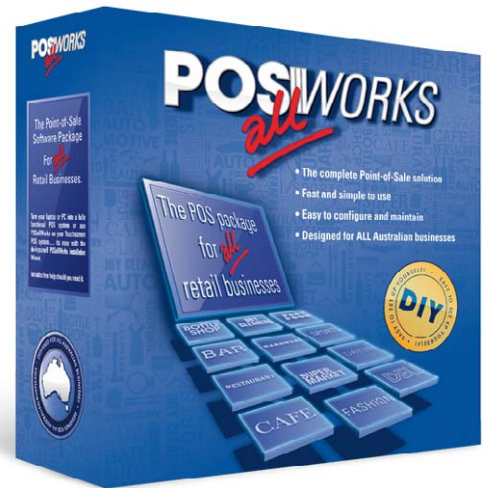

With local technical support included to help get you started, POSallWorks is fantastic value for money and is a "must have" for every retail business.

Features you'll love...

- Three levels of stock categorisation, and full real time stock control for both single and multiple locations
- Automated purchase order creation based on criteria such as minimum and maximum stock levels or your previous sales history
- Immediate stock entries for orders from your local market or wholesalers
- Operator interrupt when you need to serve several customers at a time
- Easy access to your sales and profit reports with integrated back-office
- Customisation of your security for all parts of the software

POS Integration

- MYOB and QuickBooks links allow specific activity to be exported to your accounts package
- Integrates with almost any cash drawer, barcode scanner and EFTPOS
- Wireless PDA handheld for stock taking and customer orders
- Crystal Reporting, Danes EDI Internet System and more optional links

Boost Productivity

POSallWorks software helps increase your productivity to help you keep up with the fast nature of your business. Set up to six price levels per product including automatic price levels like Happy Hour. Mix & Match promotions with the ability to set promotions for a time and date in the future. Also included are Fast Tender Keys, email style messaging between terminals, and automatic printer re-routing and network stand alone feature in case of emergencies.

Back-office Planning

Keep on top of your business with electronic journal ability to track all transaction types such as No Sales, Refunds, Voids, Sales and Discounts. Get 75 back-office reports at your fingertips, as well as 16 Point-of-Sale X and Z reports.

Increase Your Gross Profit

Increase your gross profit with simple features such as a loyalty system to keep your customer's repeat business, simple stock control in single or multi-location and product prompts for up sell.

Perfect for Your Retail Business

Ideal for your retail business, POSallWorks includes a lay-by system and a hold sale feature to make sure that sale is never the one that got away. A live stock countdown is also included so you know when to top-up, rotate and re-order products.

Perfect for Your Hospitality Business

POSallWorks is tailored for your hospitality business with industry specific features like sorted kitchen and bill printing by course type, up to 10 remote printers per network, up to 25 table or room systems, graphical table planner including bar, table and room and table transfers and split billing by value or number of people.
